Getting Adolescents Caught Up! Champions for Older Adolescent Immunization: Approaches and Guidance

Older adolescent well visits and immunization rates continue to lag

- Adolescent well visits and immunization* rates continue to lag 2019 levels¹ and remain below national goals¹
- Parental concerns about vaccine safety continue to rise²
- Professional associations and CDC urge catching up adolescents on immunizations to safely return to in-person learning³

Program benefits you in championing action in your organization

- Stay abreast on latest national adolescent immunization guidance
- Learn about ways to address parents' vaccine questions and concerns about school safety
- Leverage opportunities to vaccinate as adolescents visit the office
- Support achieving quality healthcare metric objectives on adolescent immunization⁴
- Hear how to use resources in Champions comprehensive toolkit to support goals

Attendance is limited to a small number of like-minded, dedicated professionals

Eligible to Register:

- Registrants of the Spring 2021, Pfizer sponsored Immunization Champions for Older Adolescent program
- Health care professionals (e.g., physicians, nurses, pharmacists) with immunization decision making responsibility

Program:

Led by experts with deep experience in adolescent immunization and activating champions:

- Judy Klein, President Unity Consortium
- Dr. Mark Blatter, MD

Choose one of 6 virtual program options (45-minute webinar):

- Tuesday, Sept 21st: Noon ET or 3:00 PM ET
- Wednesday, Sept 22nd: Noon ET or 1:00 PM ET
- Wednesday, Sept 29th: Noon ET or 1:00 PM ET

REGISTER NOW

* Adolescent immunization is included among the metric objectives for National Committee for Quality Assurance (NCQA) Healthcare Effectiveness Data and Information Set (HEDIS), Center for Medicare & Medicaid Services (CMS) Quality Payment Program Merit-based Incentive Payment System (MIPS), and Medicaid Core Measure Set.
