

Questions & Answers:

MedImmune-CCPA Purchasing Partners Agreement

CCPA Purchasing Partners (CCPAPP) has partnered with MedImmune to provide members with a 5% discount on all FluMist Quadrivalent purchases made during the 2013-2014 season, even after the pre-book period. Below are answers to questions your practice may have regarding this new contract opportunity. We hope you are able to utilize our new partnership with MedImmune for savings on FluMist for your practice!

1. Where can I find product and pricing information for FluMist?

Product and pricing information for CCPAPP's agreement with MedImmune can be found on the CCPAPP website: <https://www.ccpapp.org/members/vendor-vaccines-pricing/>. You will need your practice's username and password in order to view the information.

2. How do I participate in this contract?

Step 1: Complete and Return MedImmune's Group Purchasing Organization (GPO) Declaration Form.

Members **must** complete and submit MedImmune's GPO Declaration Form in order to receive the discount. The form must be processed by MedImmune prior to shipment of your order. Please allow 10 days for processing from date of receipt by MedImmune. The form can be found on CCPAPP's website:

<https://www.ccpapp.org/vendor-partners/vaccine-and-vendor-forms/>. Please note that forms must be emailed or faxed directly to MedImmune at Membership@astrazeneca.com or **302.886.4338**. However, please also be sure to email or fax a copy of your practice's form to CCPAPP (aforman@ccpapp.org **888.276.2344**) so that we have record of it and can assist with the enrollment process if needed.

The following information may be helpful when completing your MedImmune GPO Declaration Form:

If your practice has one "Bill to" and multiple "Ship to" addresses:

- Complete a Declaration Form for each ship to address

–OR–

- Complete one Declaration Form and attach a table listing the pertinent information for each location (ship to address, DEA, HIN, etc.)

If your practice has multiple ordering physicians within one location:

- Order under the declared DEA

-OR-

- Provide a Declaration Form for each ordering physician/DEA number (this can be done with one Declaration Form and an attached table as mentioned above).

Please Note: MedImmune requires that each "Ship to" address has a unique DEA number. If your practice has one DEA number associated with multiple practice locations, please use your practice's HIN for each location when completing the form. If your practice does not have a HIN or further assistance is needed, please contact Tracy H. Dubin, Senior Manager for MedImmune, at **301.398.1335** or dubint@medimmune.com

Step 2: Order your FluMist through McKesson or another authorized distributor

Orders can be placed through McKesson or another authorized distributor for MedImmune. When ordering by phone or fax, please indicate that you are purchasing under the CCPAPP agreement (Contract **00005203** for the 2013-2014 FluMist season). This can be written on your order form as a way to indicate (this indication; however, does not take the place of the GPO Declaration Form previously mentioned).

Questions & Answers:

MedImmune-CCPA Purchasing Partners Agreement

Continued from page 1

3. What if I do not have a McKesson Ordering Account?

Please feel free to contact CCPAPP or McKesson for assistance. A McKesson new account application can also be found on the CCPAPP website: <https://www.ccpapp.org/vendor-partners/vaccine-and-vendor-forms/>.

4. I already made my FluMist reservation before the pre-book deadline and received a 5% or more discount through MedImmune's PLUS PREBOOK PROGRAM. Will I receive an additional 5% discount on my order?

No. You will receive the greater of the two discounts being offered; discounts will not be combined.

5. What is the benefit of returning MedImmune's GPO Declaration Form to MedImmune and CCPAPP?

In the event your practice orders FluMist after the pre-book deadline or does not meet the terms of MedImmune's PLUS PREBOOK PROGRAM, your practice will receive a 5% discount on your order through CCPAPP's agreement, regardless of the number of doses ordered or when your order was placed. Additionally, **if you are a Limited Partner Member of CCPAPP, your FluMist purchases are eligible to be included in the calculation of your practice's annual financial distribution from CCPAPP.** Please note: The GPO Declaration Form must be completed, submitted and processed by MedImmune prior to shipment of your FluMist in order for your sales to be linked to CCPAPP's contract. Only sales linked to CCPAPP's contract are eligible for a discount and to be included in the calculation of your practice's financial distribution. *Orders made while participating in another GPO agreement are not eligible to be linked to CCPAPP's contract.*

6. I pre-booked FluMist through a distributor other than McKesson. Will I receive the discount?

If your Prebook order was placed within the timeline of the MedImmune PLUS PREBOOK PROGRAM and terms of the program were met, your practice will receive the discount, regardless of which authorized distributor you used. If you are a Limited Partner Member of CCPAPP and was not participating in another GPO contract when placing your order, your FluMist purchases are also eligible for inclusion in the calculation of your practice's annual financial distribution from CCPAPP (You must submit a GPO declaration form to MedImmune and the form must be processed prior to the shipment of your order in order for your sales to be eligible).

7. I have already received our shipment of Flumist and have not yet submitted MedImmune's GPO Declaration Form. Should I still proceed with completing/submitting the form?

Yes. Even if your practice missed the timeframe for submitting your MedImmune GPO Declaration form for the orders you have already received, MedImmune will process your form and link your practice to CCPAPP's agreement so that all future orders will receive the benefits of the agreement.

8. Will I need to complete a new MedImmune GPO Declaration Form every year?

No, Declaration Forms will remain in effect until your practice notifies MedImmune of a change.

For further questions or for more information, please contact *Tracy H. Dubin, Senior Manager for MedImmune*, at **301.398.1335** or dubint@medimmune.com. You may also contact Priya Stemler at **312.227.7437** or pstemler@ccpapp.org for assistance or if you are in need of your practice's website login information.

Thank you for your participation!
